Greg and John,
We plan to brief Franklin and Randall on a proposed Action Memo the week of August 19. Can the Enforcement Addendum be prepared by Aug. 19?
Thanks, Matt

Matt:

Based on our conversations, the Branch would like to apply FY2019 funding to the impending Westside Lead removal action. Thus, the financial machinations must be carried out prior to September 30. Based on our conversations, a full month should be allocated after the Action Memo is signed to make sure the paperwork and TO award is processed. Thus, the AM needs to be signed

by August 31.

In order to plan for this event, I am proposing to deliver the AM to you for review on August 12. I will then propose to present to Franklin and Randall the week of August 19.

I am requesting you and/or Webster communicate this schedule to the Enforcement Branch so they may prepare the Enforcement Addendum prior to AM submission. That would be an August 19 due date for their addendum, 2 months from today.

Thanks,

Chuck Berry
